

MANUFACTURED ASSEMBLIES CORPORATION

Established 1976 in Troy, OH , Manufactured Assemblies Corporation was solidly built on our initial core strength which was cable assemblies and wire harnesses. With over 40 years in the business, Manufactured Assemblies Corporation has established a reputation as an industry leader in contract manufacturing. We continue to expand and adapt with the ever changing world of technology providing outsource solutions to large and small OEMs. Our superior quality, service and forward-thinking solutions give our customers the edge they need to succeed. MAC's highly skilled workforce utilizes state of the art technology and low cost manufacturing to meet your global needs.
